

Seminar

Marine Spatial Planning and Development Process for Offshore Wind Farms :
a discussion on German Experiences

Tuesday, October, 18th 2016

Ministère de l'Environnement, de l'Énergie et de la Mer (MEEM)
Tour Sequoia, Esplanade
1, Place Carpeaux, 92055 La Défense

The seminar will be held entirely in English.

Registration on the OFATE-Website: www.ofate.eu

- 8:30** **WELCOME WITH COFFEE AND CROISSANTS**
- 9:15** **Introduction: Offshore Wind Energy Development in Europe – Overview, Market Forecast and Challenges in International Marine Spatial Planning**
Andrew Ho*, Senior Analyst Offshore Wind, WindEurope
- 9:35-12:15** **LEGAL FRAMEWORK FOR MARINE SPATIAL PLANNING AND AUTHORISATION PROCEDURES FOR OFFSHORE WIND FARMS IN GERMANY**
- 9:35** **Keynote: Offshore Wind Energy Development in Germany – Historical Overview, Current Challenges and Lessons Learnt**
Andreas Wagner, Managing Director, Offshore Wind Energy Foundation (Stiftung Offshore-Windenergie)
- 10:05** **Marine Spatial Planning and Authorisation Process for Offshore Wind Farms in Germany**
Dr. Nico Nolte, Head of Sea Management, Federal Maritime and Hydrographic Agency of Germany (BSH)
- 11:00** **COFFEE BREAK**
- 11:20** **The Renewable Energy Act 2017 and the New Support System for Offshore Wind Farms**
Dr. Nico Nolte, Head of Sea Management, Federal Maritime and Hydrographic Agency of Germany (BSH)

- 11:45** **Spatial Planning Incorporating Onshore and Offshore Interests – Recent Evolutions for Offshore Wind Development in Mecklenburg-Vorpommern**
Dr. Holger Janßen, Deputy Head of Unit, General Affairs, Department for State Development, Ministry of Energy, Infrastructure and State Development Mecklenburg-Vorpommern
- 12:15-13:15** **LUNCH**
- 13:15-15:45** **DEVELOPMENT PROCESS FOR OFFSHORE WIND PROJECTS: PRACTICAL EXPERIENCES FROM DIFFERENT PERSPECTIVES**
- 13:15** **Planning and Development of Offshore Wind Farms: Enhancing Possibilities**
Achim Berge Olsen, General Manager, wpd offshore GmbH
- 13:45** **Environmental Impacts and Responsibilities – Examples to Foster Cohabitation between Offshore Wind Farms and the Marine Environment**
Dr. Eva Philipp, Environmental Lead, Onshore & Offshore Wind Projects, Vattenfall
- 14:15** **COFFEE BREAK**
- 14:35** **Experiences from a Turbine Manufacturer’s Perspective – Do’s and Don’ts in Construction, Logistics and Security**
Senvion
- 15:05** **Grid Connection of Offshore Wind Farms and Offshore Grid Development Plan: Structuring Processes and Anticipating Demands**
Hermann Gangl, Manager Project Initiation Offshore, TenneT
- 15:45** **END OF THE SEMINAR**
