PROMOTioN Workshop - Lessons learned from HVDC links

© TenneT TSO GmbH

WEDNESDAY | 17 NOVEMBER 2016 | 09:30–15:45

IBIS Hotel Hamburg Alster Centrum,
Holzdamm 4-12 + 16, 20097 Hamburg - Germany

Dear Sir or Madam,

Project partners of PROMOTioN (Progress on Meshed HVDC Offshore Transmission Networks) invite you to its workshop on 'Lessons learned from HVDC Links'.

PROMOTioN is an EU H2020 funded project with the goal to develop and demonstrate three key technologies in HVDC meshed grids:

- diode rectifier offshore converters,
- multi-vendor HVDC grid protection systems,
- full power testing of HVDC circuit breakers.

In this workshop, experts from TSOs, HVDC equipment manufacturers, developers and universities will talk about their own experiences in the development and operation of HVDC links, and the requirements for future HVDC grids will be discussed from different perspectives. In addition, the results from the **questionnaire on 'Best Practices on HVDC projects'** will be subject to further rounds of debates between the participants of the workshop. Please feel free to answer it with regard to your individual experience under the following link:

<https://goo.gl/rwEygQ>

The main conclusions from the workshop will be taken into account in the work that the PROMOTioN project partners will carry out in the next three years.

PROMOTioN project partners look forward to fruitful discussions with you and your valuable input. Please find enclosed the agenda of the day as well as registration information.

PROMOTioN – Progress
on Meshed HVDC Offshore
Transmission Networks

This project has received funding from the European
Union's Horizon 2020 research and innovation
programme under grant agreement No 691714.

PROMOTiON Workshop - Questionnaire on lessons learned from HVDC links

WEDNESDAY 17 NOVEMBER 2016

09:30 - 10:00 Registration and Coffee

10:00 - 10:15 Introduction to the PROMOTiON Project and Questionnaire
Iñigo Azpiri - Iberdrola, Andreas Wagner - Stiftung OFFSHORE-WINDENERGIE

10:15 - 11:00 The Regulatory challenges of HVDC Offshore Grids from a TSO's perspective
Andreas Menze - TenneT

11:00 - 11:45 Manufacturers view on meshed HVDC grids [1]
Tbd - ABB

11:45 - 12:00 Coffee Break

12:00 - 12:45 Manufacturers view on meshed HVDC grids [2]
Tbd – Siemens AG

12:45 - 13:30 The Developer perspective on HVDC Technology
Tbd - Iberdrola

13:30 - 14:30 Lunch

14:30 - 15:15 Academic perspective on HVDC Development
Cora Petino - RWTH Aachen

15:15 - 15:30 Reporting on the questionnaire and literature review & Discussion
Iñigo Azpiri / Luis Blazquez – Iberdrola / Pierre Henneux - Tractebel

15:30 - 15:45 Wrap Up
Iñigo Azpiri - Iberdrola, Andreas Wagner - Stiftung OFFSHORE-WINDENERGIE

15:45 End of the Workshop

PROMOTioN Workshop -
Questionnaire on lessons learned from HVDC links

Registration Form

REGISTRATION NOTIFICATION

This event is free of charge. Please register by **15 November**. As registration is **limited**, make sure to sign up as early as possible.

Kindly fill in the **enclosed form** and return via email to events@promotion-offshore.net for registration.

CONTACT

Sebastian Menze, Project Manager/M.Sc
